

Weddings at The Shoe

Every Wedding is unique...Every Wedding is someone's perfect day...I had my Special day at The Shoe and it was PERFECT! I wanted it to be intimate, small, private but most of all I wanted it to be a meaningful day not just for me but for my entire family who attended it. Who says it has to be just about me? Why cant I make it about them too?

Your first Question should be: What kind of wedding do I want? Intimate? Small? Big? Something else? Something out of the ordinary? Something traditional? Fun? Party? Casual? Formal? Big budget? Small budget? Let me tell you what the Shoe Offers.

The Chapel is a unique, RUSTIC, Intimate and small environment. Its for couples who want their day to be remembered...

Its for couples who has a special place for God in their lives. Here at The Shoe Ministries we believe that people who love each other should pray together because people who pray together stays together. That is what we wish for every couple who comes here. We spend allot of personal time with our couples to make sure that they have the basic knowledge they need to overcome life's struggles. We stay friends with the couples who marry here. They always come back to recharge their batteries again and again. As long as they grow closer to God they will also grow closer to each other and be examples to their children, family and friends. Just like my parents who has been married for nearly 40 years!

At The Shoe Ministries we are interested in your life. We want to share with you what our special way of living has taught us. For this reason we would like to invite you to come and visit us. When you come here we will take you on a tour through a man made cave. In this Cave we tell you about Jesus and what are the secrets to getting the blessing of God upon your life. If you wish your whole family and your friends could take the tour with you on your special day. Remember what God puts together no man can take apart! That's how it should be.

The Chapel

The Alpha Omega Cave is where Ron van Zyl re-created his vision about the Spiritual world. During a Hour and a half guided tour he explains to you the real reason for the Crucifixion and the power of the Blood of Jesus which is for the cleaning of your conscience. People who have a clean conscience can be blessed by God!

The Tour ends in the Chapel. The Chapel seats 20 people on each side. If your wedding is for approximately 40 people you will fit into the Chapel comfortably. Here we can serve you with communion if you like. We can make your wedding ceremony the most special moment you will ever have. I have not had a wedding in the Chapel without tears yet. The Holy Spirit always honors the promise of marriage and without Him you cant keep your promise. His Presence is always heavy and real in this small Chapel. The Chapel provides you with the freedom and privacy to do anything you like with your wedding ceremony. It can be as long or as short as you want. Guests can access the Chapel directly from the Back. No need to go through the entire tour with them. For Mini-Weddings up to 12 people it is always great to take a tour through the Cave, then end in the Chapel and do the vows there. This works great for 2nd or 3rd time marriages.

The Chapel

The Venue

The Venue

Our newly built Venue can host up to 120 people with comfort. It also has a rustic look. Half Wooden house and half Barn, it makes the most interesting place you've ever been too. The huge Sloping ceiling causes wonderful acoustics. Not many speakers are needed to fill this whole place with great sound. I had my entire wedding in this place. We were too many people for the chapel and I didn't like the darkness in there so we held it in front of the Big 5 Sculpture. The Guests sat at their tables and stood up near the end so they could share in the final 'I do kiss'. The floor in front of the Big 5 was later that night transformed into a dance floor. The Venue is open on the one side so everybody can stay inside all night long without needing to go to far away for their smoke breaks. I had a morning wedding with just my closest family. We were 50 people for the morning. Then we took a afternoon nap and had a huge after party the evening. There were 80 people at the evening bring and Braai. There is lots of space outside too, we had the food up on the platform in the wooden house with the DJ. The rest of the place was packed with round table sitting 10 persons at a table. There were plenty of space left. We could have had double that amount of people there. The Camp site is just 100meters away so they guests could walk to their tents. The others stayed in the Guest house. The Guest house can accommodate 40 people.

There is a swimming pool and a bar. I didn't have a cash bar, I told my guests to bring their own drinks. The jumping castle kept the kidz busy all night. I also had a Photo Booth on the dance floor so we had lots and lots of fun taking funny pictures with everybody. Our venue was built with a wedding in mind, it is the perfect spot for a party. The second storey tree house gave seating to the children and up to this day we still have people saying: That was such a great wedding!
